

A close-up, front-facing portrait of a lion's head. The entire image is bathed in a deep blue light, giving the lion's fur a monochromatic appearance. The lion's eyes are a striking, glowing orange-gold color, providing a sharp contrast to the blue. The lion's expression is calm and steady, looking directly at the viewer. The texture of the fur is clearly visible, especially around the muzzle and the top of the head.
